OPERATING INSTRUCTIONS

Unscrew and remove cylinder pin (RG 14: #2826) and cylinder will swing out to your left. Insert cartridges and swing cylinder back to original position. Insert and screw in cylinder pin. For unloading swing out cylinder, and eject each cartridge with cylinder pin.

GENERAL RULES

Never point a weapon at anyone even when unloaded.

When loading and unloading point the muzzle to the floor.

Use only the caliber of ammunition which is stamped on the gun. When using reloads, be sure of proper load.

For the protection of others as well as yourself, always use extreme care. **You are handling something that is considered a firearm.**

RG assumes no responsibility for physical injury or property damage resulting from either intentional or accidental discharge of this weapon.
